

20 February 2025

Dear Parents and Carers

We are excited to announce that on **Friday 28 February 2025** all bus students will be issued a Rollcall tag. Rollcall tags will come into effect for usage on Monday 3 March 2025.

These tags will replace the current Student ID cards for bus usage. Please note that Student ID cards will still be utilised on campus for printing purposes as well as purchases from the Mango Café but will no longer work for the bus service.

The Rollcall tag will be used when tapping on and off the bus and will be attached to student school bags with a lanyard.

By utilising the tags to get on and off the bus, not only will the trip charges be more efficient, but parents will also be able to track their child through the RollCall app while they are travelling – peace of mind knowing they are on the bus.

Replacement tags will be available at reception at a cost of \$15 per tag and remain the property of the College. If your child exits the College, the tag will need to be returned.

The College has now made every effort to ensure all students are able to tap on and tap off the bus with the provided tags. Students who fail to make use of their tags when utilising the bus service will be charged a fee of \$5 per trip in addition to the bus fare.

Students who consistently fail to use their tag, will be unable to make use of the bus service and parents will be asked to collect students from the College.

Regards
Administration
